Notes

1. Soft Bullet Date (Extended Maturity)

If the covered bonds are not redeemed on the relevant maturity date, the maturity will automatically be extended on a monthly basis up to one year. In that event, the covered bonds can be redeemed in whole or in part on a monthly basis up to and including the Extended Maturity Date.

2. Other Assets

In addition to public sector loans, other assets (or substitution assets) may be included in the cover pool up to an amount equal to 20% of the cover pool, subject to the following eligibility criteria:

- Deposit with the Bank of Portugal in cash or ECB eligible securities or
- Deposits held with credit institutions rated at least A-

3. Overcollateralisation

The overcollateralisation ratios are calculated by dividing (i) the total nominal outstanding balance of the assets included in the cover pool by (ii) the total nominal amount of the covered bonds (both excluding accrued interest). For clarification purposes, all assets included in the covered pool are eligible assets.

Required overcollateralisation is the minimum overcollateralisation necessary to keep the current Public Sector Covered Bond Programme rating.

4. Net Present Value (NPV)

The NPV of Assets and Liabilities is obtained by discounting all known future cash flows with:

- the Euro money market curve, for cash flows up to 1 year;
- the Euro swap curve, for cash flows after 1 year.

Other Assets and derivatives are considered at market value.

NPV is also calculated considering a 200 bps shift (upwards and downwards) of the discounting curves.

5. Debtor Rating

For debtors with more than one external rating, the composite rating is considered. The composite rating is the average of the ratings assigned to a debtor by Fitch, Moody's and/or S&P.

6. Delinquencies

A loan is considered to be delinquent if any payment is in arrears by more than 30 days. According to the Portuguese covered bonds legislation, any loan which is in arrears by more than 90 days must be removed from the pool and substituted by another loan which fulfils the eligibility criteria. Therefore, there are no NPL's included in the cover pool.
