

- ▶ U.S. and European stock markets rallied amid a positive start to the U.S. earnings season.
- ▶ In fixed-income markets, U.S. sovereign yields were roughly stable, while in the Euro Area sovereign yields edged down.
- ▶ In oil markets, the barrel of Brent was stable and closed at \$71.6.
- ▶ In Germany, investor sentiment declined in April according to the ZEW indexes. The ZEW Current Situation index nudged down to 87.9 points (90.7 in March), still a similar level to the ones observed in the second half of 2017. However, the ZEW Economic Expectations index dropped to -8.2 points (down from 5.1 in March), a sharp correction not seen since July 2016. According to the ZEW institute, the main reasons for this sharp decline were "the international trade conflict with the U.S. and the current situation in the Syrian war".
